

Greater Longview Soccer Association

Adult policy on not being able to reschedule games

1. The following procedure is to be used when there are exceptions when we have to re-schedule games. The use of the fields at Lear Park is controlled by the City of Longview. There are times when the fields are closed to everyone and games cannot be played. Because of this situation, the following games will fall under this policy:
 - If a team notifies the office of going to a soccer tournament two weeks before their scheduled game (as per our by-laws).
 - If a game is rained out.
 - If a game has to be re-played because of an incomplete game or disaster.
 - The game being re-scheduled can only be a league game.

2. In the fall, an extra weekend will be added to the schedule for rainout make up games. Only one (1) weekend will be added. In the spring, two fields on three (3) Thursday night dates will be set up for rainout games. Only league games will be replayed.

3. Games mentioned above will be scored as follows:
 - The game will be scored as a 3-3 tie. Each team will receive 6 points.

Revised June 2017.
