

## Honoring Schedule Requests

Questions have come up the last couple of seasons on why certain requests are not honored. Hopefully after this is finished, all will have a clearer picture on schedule requests.

The two (2) most important requests are the following:

- a. coaching two (2) teams. However, our scheduling program finds these conflicts.
- b. some of our coaches coach a recreational team and a competitive team. Those requests are honored as much as possible.

Not all requests can be honored.

Do not ask for a bye weekend. If you have a weekend that you are unable to be present, then ask one of your parents to coach the game. If no parent will step up, then call the GLSA office and a board member or commissioner will be found to coach the team.

Do not ask for all of your games to be at 9:00am. This time is used for coaches that are coaching two (2) teams or an additional competitive team. Instead ask for morning games.

Please state the reason for your request.

Requests for back-to-back game times for coaches that are coaching two (2) teams are not guaranteed.
